This is a mandatory requirement and will not be waived by the Iowa DOT. Any Bid Response received after this deadline will be rejected and returned unopened to the Vendor.

Vendors mailing Bid Responses must allow ample mail delivery time to ensure timely receipt of their bid proposals by the Iowa DOT. It is the Vendor's responsibility to ensure that the Bid Response is received prior to the deadline. Postmarking by the due date will not substitute for actual receipt of the bid proposal. **Electronic mail and faxed bid proposals will not be accepted.**

Vendors must furnish all information necessary to evaluate the Bid Response. Bid Responses that fail to meet the mandatory requirements of the RFP will be disqualified. Verbal information provided by the Vendor shall not be considered part of the Vendor's Response to the Bid Proposal.

2.9 Bid Opening

The Iowa DOT will open Bid Responses at the deadline stated in the Procurement Timetable. The Bid Responses will remain confidential until the Evaluation Committee has reviewed all of the Bid Responses submitted in response to this RFP and the Iowa DOT has announced a notice of intent to award a contract. See Iowa Code Section 72.3.

The names of the Vendors who bid responses within the time frame permitted will be supplied to any person who requests such information at the time of the bid opening date. The announcement of names of Vendors who submitted a bid response **does not** mean that an individual Bid Response has been deemed technically compliant or that it has been accepted for evaluation.

2.10 Costs of Preparing the Bid Proposal

The costs of preparation and delivery of the Bid Response are solely the responsibility of the Vendor.

No payments shall be made by the State to cover costs incurred by any Vendor in the preparation of a Bid Response in submission of this RFP or any other associated costs.

2.11 Reasonable Accommodations

The Iowa DOT will provide reasonable accommodations, including the provision of informational material in an alternative format, for qualified individuals with disabilities upon request. If accommodations are required at time of a bid opening, contact the Purchasing Agent on the cover page.

2.12 Rejection of Bid Responses

The Iowa DOT reserves the right to reject any or all Bid Responses, in whole and in part, received in response to this RFP at any time prior to the execution of a written contract. Issuance of this RFP in no way constitutes a commitment by the Iowa DOT to award a contract. This RFP is designed to provide Vendors with the information necessary to prepare a competitive Bid Response. This RFP process is for the Iowa DOT benefit and is intended to provide the Iowa DOT with competitive information to assist in the selection of a Vendor to provide good and services or both as described herein.

It is not intended to be comprehensive and each Vendor is responsible for determining all factors necessary for submission of a comprehensive Bid Response.

The Iowa DOT reserves the right to negotiate the terms of the contract, including the award amount with the selected Vendor prior to entering into a contract. If contract negotiations cannot be concluded successfully with the highest scoring Vendor, the Iowa DOT may negotiate with the next highest scoring Vendor.

2.13 Disqualification

The Iowa DOT may reject outright and shall not evaluate Bid Responses for any one of the following reasons:

2.13.1 The Vendor fails to deliver the cost proposal in a separate envelope.

2.13.2 The Vendor states that a requirement of the RFP cannot be met.

2.13.3 The Vendor's Bid Response materially changes a requirement of the RFP or the Bid Response is not compliant with the requirements of the RFP.

2.13.4 The Bid Response limits the rights of the Iowa DOT.

2.13.5 The Vendor fails to include information necessary to substantiate that it will be able to meet a service requirement. A response of "will comply" or merely repeating the requirement is not sufficient. Bid Responses must indicate present capability; representations that future developments will satisfy the requirement are not sufficient.

2.13.6 The Vendor fails to include a proposal guaranty, also known as bid bond or bid security, *if required*. See Bid Response and Section 4.2.14.

2.13.7 The Vendor fails to include any signature, certification, authorization, stipulation, disclosure or guarantee requested in Section 4 of this RFP.

2.13.8 The Vendor presents the information requested by this RFP in a format inconsistent with the instructions of the RFP or otherwise fails to comply with the requirements of this RFP.

2.13.9 The Vendor initiates unauthorized contact regarding the RFP with state employees.

2.13.10 The Vendor provides misleading or inaccurate responses.

2.13.11 The Vendor fails to attend the mandatory pre-bid meeting or conference.

2.13.12 The Vendor's Bid Response is materially unbalanced.

2.13.13 There is insufficient evidence (including evidence submitted by the Vendor and evidence obtained by the Iowa DOT from other sources) to satisfy the Iowa DOT that the Vendor is a Responsible Vendor.

2.13.14 The Vendor alters the language in:

Attachment 1, Certification Letter

Attachment 2, Authorization to Release Information letter.

2.14 Nonmaterial and Material Variances

The Iowa DOT reserves the right to waive or permit cure of nonmaterial variances in a Bid Response if, in the judgment of the Iowa DOT, it is in the Iowa DOT best interest to do so. Nonmaterial variances include minor informalities that do not affect responsiveness; that are merely a matter of form or format; that do not change the relative standing or otherwise prejudice other Vendors; that do not change the meaning or scope of the RFP; or that do not reflect a material change in the services. In the event the Iowa DOT waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP requirements or excuse the Vendor from full compliance with RFP specifications or other contract requirements upon award. The determination of materiality is in the sole discretion of the Iowa DOT.

2.15 Reference Checks

The Iowa DOT reserves the right to contact any reference provided by the Vendor to assist in the evaluation of the Bid Response, to verify information contained in the Bid Response and to discuss the Vendor's qualifications and the qualifications of any subcontractor identified in the Bid Response.

2.16 Information From Other Sources

The Iowa DOT reserves the right to obtain and consider information from other sources concerning a Vendor, such as the Vendor's capability and performance under other Vendors, the qualifications of any subcontractor identified in the Bid Proposal, the vendor's financial stability, past or pending litigation, and publicly available information.

2.17 Verification of Bid Proposal Contents

The content of a bid response submitted by a Vendor is subject to verification. Misleading or inaccurate responses shall result in disqualification and rejection of the bid proposal.

2.18 Criminal History and Background Investigation

The Vendor hereby explicitly authorizes the Iowa DOT to conduct criminal history and/or other background investigation(s) of the Vendor, its officers, directors, shareholders, partners and managerial and supervisory personnel retained by the Vendor for the performance of the contract.

2.19 Bid Proposal Clarification Process

The Iowa DOT reserves the right to contact a Vendor after the submission of bid responses for the purpose of clarifying or ensure mutual understanding. This contact may include written questions, interviews, site visits, a review of past performance if the Vendor has provided goods or services to the Iowa DOT or any other political subdivision wherever located, or requests for corrective pages in the vendor's bid response. The Iowa DOT will not consider information

received if the information materially alters the content of the bid proposal or alters the type of goods and services the Vendor is offering to the Iowa DOT. An individual authorized to legally bind the Vendor shall sign responses to any request for clarification. Responses shall be submitted to the Iowa DOT within the time specified in the Iowa DOT request. Failure to comply with requests for additional information may result in rejection of the bid proposal as non-compliant.

2.20 Disposition of Bid Responses

All Vendors' Responses become the property of the Iowa DOT and shall not be returned to the Vendor. At the conclusion of the selection process, the contents of all bid responses will be in the public domain and be open to inspection by interested parties except for information for which vendor properly requests confidential treatment or is subject to exceptions provided in Iowa Code Chapter 22 or other applicable law. If RFP is cancelled bid responses shall be destroyed.

2.21 Public Records and Requests for Confidential Treatment

The Iowa DOT may treat all information submitted by a Vendor as public information following the conclusion of the selection process unless the Vendor properly requests that information be treated as confidential at the time of submitting the bid proposal. The Iowa DOT release of information is governed by Iowa Code chapter 22. Vendors are encouraged to familiarize themselves with chapter 22 before submitting a proposal. The Iowa DOT will copy and produce public records as required to comply with the public records laws.

Any request for confidential treatment of specific information must be included in the transmittal letter with the Vendor's Bid Response. In addition, the vendor must enumerate the specific grounds in Iowa Code Chapter 22 or other applicable law which support treatment of the material as confidential and explain why disclosure is not in the best interest of the public. **Pricing information cannot be considered confidential information.** The request for confidential treatment of information must also include the name, address, and telephone number of the person authorized by the Vendor to respond to any inquiries by the Iowa DOT concerning the confidential status of the materials.

Any bid proposal submitted which contains confidential information must be conspicuously marked on the outside as containing confidential information, and each page upon which confidential information appears must be conspicuously marked as containing confidential information. Failure to properly identify specific confidential information shall relieve the Iowa DOT or State personnel from any responsibility if confidential information is viewed by the public, or a competitor, or is in any way accidentally released. Identification of the entire bid proposal as confidential may be deemed non-responsive and disqualify the vendor.

If the vendor designates any portion of the RFP as confidential, **the vendor must submit one copy of the bid proposal from which the confidential information has been excised. This excised copy is in addition to the number of copies requested in section 4 of this RFP.** The confidential material must be excised in such a way as to allow the public to determine the general nature of the material removed and to retain as much of the bid proposal as possible.

The Iowa DOT will treat the information marked confidential as confidential information to the extent such information is determined confidential under Iowa Code Chapter 22 or other applicable law by a court of competent jurisdiction. In the event the Iowa DOT receives a request for information marked confidential, written notice shall be given to the Vendor seven calendar days prior to the release of the information to allow the vendor to seek injunctive relief pursuant to Section 22.8 of the Iowa Code. The Iowa DOT will release the information marked confidential in response to a request for public record records unless a court of competent jurisdiction determines the information is confidential under Iowa Code Chapter 22 or other applicable law.

The Vendor's failure to request confidential treatment of material will be deemed by the Iowa DOT as a waiver of any right to confidentiality, which the Vendor may have had.

2.22 Copyrights

By submitting a bid proposal, the vendor agrees that the Iowa DOT may copy the bid proposal for purposes of facilitating the evaluation of the bid proposal or to respond to requests for public records. The vendor consents to such copying by submitting a bid proposal and warrants that such copying will not violate the rights of any third party. The Iowa DOT shall have the right to use ideas or adaptations of ideas that are presented in the bid responses.

2.23 Release of Claims

By submitting a bid proposal, the Vendor agrees that it will not bring any claim or cause of action against the Iowa DOT based on any misunderstanding concerning the information provided herein or concerning the Iowa DOT failure, negligent or otherwise, to provide the vendor with pertinent information as intended by this RFP.

2.24 Evaluation of Bid Proposals Submitted

The evaluation and selection of an awarded Vendor will be based on but not limited to: the information submitted in the written response, references, required demonstrations or presentations; if any, and cost. If further information is requested by the Iowa DOT for clarification, Vendors shall respond clearly and completely to all requirements within three (3) days upon request. Failure to respond completely may be the basis for rejecting a response.

All compliant sealed Bid Responses will be evaluated using an evaluation matrix. If a demonstration/presentation is in the Evaluation Matrix (see Section 5.4), the Iowa DOT reserves the right to determine which Vendors responses will be "short listed" for further consideration based on the written responses that best meet the requirements of the RFP.

Short-List Vendors shall be required to demonstrate or make a presentation to illustrate their proposed solution. Vendor's key personnel shall demonstrate their solution to this proposal, their authority and reporting relationships within their firm, their expertise and their management style.

The successful demonstration or presentation of the Vendor's product(s) and/or service(s) is only one segment of the evaluation criteria and does not solely constitute the overall award.

Selected Vendors shall be provided no less than one week's notice for the scheduling of a demonstration or presentation to be held in Ames, Iowa unless otherwise specified.

Detailed notes of demonstrations or presentation may be recorded and supplemental information (such as briefing charts, et cetera) shall be accepted. Additional written

information gathered in this manner shall not constitute replacement of response contents. The Iowa DOT reserves the right to record demonstrations or presentations on audio or videotape as desired.

Any cost(s) incidental for the demonstrations or presentations shall be the sole responsibility of the Vendor.

2.25 Notice of Intent to Award and Acceptance Period

Notice of intent to award will be posted on the Iowa DOT's website at www.iowadot.gov/purchasing/bidaward. **It is the Vendor's sole responsibility to check daily for the bid tabulation.** Final negotiation and execution of the contract(s) shall be completed no later than thirty (30) days from the date of the Notice of Intent to Award or such other time as designated by the Iowa DOT.

Negotiation and execution of the contract(s) shall be completed no later than thirty (30) days from the date of the Notice of Intent to Award or such other time as designated by the Iowa DOT. If the successful Vendor fails to negotiate and deliver an executed contract by that date, the Iowa DOT in its sole discretion may cancel the award and award the contract to the next highest ranked Vendor the Iowa DOT believes will provide the best value to the State.

The award shall be granted to the highest scoring responsive, responsible Vendor.

It is the intent of the Iowa DOT to award the contract to the responsible vendor whose bid conforms to the RFP and is the most advantageous to the Iowa DOT, cost and other factors considered. See Award Matrix, Section 5.

2.26 Confidential Information

Bid Responses containing propriety information must have the specific information considered proprietary clearly marked. All information included in the Bid Response not indicated as proprietary will be open for inspection. All proposals become property of the Iowa DOT.

2.27 No Contract Rights until Execution

The full execution of a written contract shall constitute the making of a contract for services and no vendor shall acquire any legal or equitable rights relative to the contract services until the contract has been fully executed by the successful v and the Iowa DOT.

2.28 Restrictions on Gifts and Activities

Iowa Code Chapter 68B restricts gifts which may be given or received by state employees and requires certain individuals to disclose information concerning their activities with state government. Vendors are responsible to determine the applicability of this Chapter to their activities and to comply with the requirements. In addition, pursuant to Iowa Code section 722.1, it is a felony offense to bribe or attempt to bribe a public official.

The laws of Iowa provide that it is a felony to offer, promise, or give anything of value or benefit to a state employee with the intent to influence that employee's acts, opinion, judgment or exercise of discretion with respect to that employee's duties. Evidence of violations of this statute will be submitted to the proper prosecuting attorney.

2.29 No Minimum Guaranteed

The Iowa DOT anticipates that the successful Vendor will provide services as requested by the Iowa DOT. The Iowa DOT will not guarantee any minimum compensation will be paid to the vendor or any minimum usage of the vendor's services.

2.30 Conflicts Between Terms

The Iowa DOT reserves the right to accept or reject any exception taken by the Vendor to the terms and conditions contained in this RFP. Should a Vendor take exception to the terms and conditions required by the Iowa DOT, the Vendor's exceptions may be

rejected and the entire proposal declared nonresponsive. The Iowa DOT may elect to negotiate with the Vendor regarding contract terms that do not materially alter the substantive requirements of the request for proposals or the contents of the Vendor's bid response.

2.31 News Releases

News releases or other materials made available to the media or the public, the Vendor's clients or potential clients pertaining to this procurement or any part of the proposal shall not be made without the prior written approval of the Iowa DOT.

2.32 Vendors' Conference (Pre-Bid)

If the Procurement Timetable indicates a Vendors' conference will be held in conjunction with this RFP, it will be held at the date, time, and location listed on the Procurement Timetable. If attendance at the Vendors conference is a mandatory requirement, it will be indicated on the Procurement Timetable. The purpose of the Vendors' conference is to discuss with prospective Vendors the work to be performed and allow prospective Vendors an opportunity to ask questions regarding the RFP. Verbal discussions at the Vendors' conference shall not be considered part of the RFP unless confirmed in writing by the Iowa DOT and incorporated into this RFP. The conference may be recorded. Questions asked at the conference that cannot be adequately answered during the conference may be deferred and addressed at a later date. A copy of the questions and answers will be sent to Vendors who submit a letter of intent to bid.

2.33 Proposal Guarantee

Each bid must be supported by a Proposal Guarantee in the sum indicated on the Bid Response cover page (if required). See Standard Terms and Conditions included in the Bid Proposal section A-3.

Certified checks and credit union share drafts shall be certified, or the cashier's check shall be drawn and endorsed, in an amount not less than indicated in the Bid Proposal. If a proposal guarantee is submitted, it must be submitted on **Iowa DOT Form No. 131084 (Appendix B) or bid will be rejected.**

The proposal guarantee from the qualified responsive low Vendor will be retained until a contract is entered into and the required Bonds and Insurance Certificates are filed. All other bid securities will be returned after the award has been made.

The contract terms contained in Section 6 are not intended to be a complete listing of all contract terms but are provided only to enable contractors to better evaluate the costs associative with the RFP and the potential resulting contract. Contractors should plan on such terms being included in any contract awarded as a result of this RFP. All costs associated with complying with these requirements should be included in the pricing proposal or any pricing quoted by the contractor.

By submitting a Bid Proposal, each Contractor acknowledges its acceptance of the RFP specifications and the contract terms and conditions without change except as otherwise expressly stated in its Bid Proposal. If a Contractor takes exception to a provision, it must state the reason for the exception and set forth in its Bid Proposal the specific contract language it proposes to include in place of the provision. Exceptions that materially change the contract terms and conditions or the requirements of the RFP may be deemed non-responsive by the Iowa DOT, in its sole discretion, resulting in possible rejection of the Bid Proposal. The Iowa DOT reserves the right to either award a contract(s) without further negotiation with the successful Contractor or to negotiate contract terms with the successful Contractor if the best interests of the State would be served.

6.2 Contract Period

The term of the Contract will begin and end on the dates indicated in the RFP Procurement Timetable, unless extended or terminated earlier in accordance with the termination provisions of this Contract.
